<b>Methods and material for containment and cleaning up:</b>	Absorb with sand or other inert absorbent. Stop the flow of material, if this is without risk.
<b>Environmental Precautions:</b>	Avoid release to the environment. Do not contaminate water sources or sewer. Prevent further leakage or spillage if safe to do so and protect against releases into the environment. Remediate as appropriate.

## SECTION 7. HANDLING AND STORAGE

<b>Precautions for safe handling:</b>	Contains a component that when heated at or above 300°F (150°C) may generate Formaldehyde vapors. Observe good industrial hygiene practices. Wear appropriate personal protective equipment. Do not expose to intense heat as product may expand and pressurize container.
<b>Conditions for safe storage, including any incompatibilities:</b>	Store in original tightly closed container. Avoid contact with oxidizing agents. Store away from incompatible materials.
